

The Virtual Director Program

Every Business needs a little help now and again. Unfortunately, until now, one of the best ways of getting expert help quickly - calling in experienced outside help - was simply too time consuming or expensive for many businesses.

But no longer. For one low monthly fee, Spinning Disc's **Virtual Director Program** gives small businesses an affordable way to build a long-term relationship with a highly-experienced independent consultant, just like the "big guys" do.

Our "**Onc Client, One Consultant**" approach assigns a single business expert to your account, so that, whichever plan you choose, you're always working with a consultant who *already knows your unique business needs!*

We don't want to run your business...we want to help you run your business better!

Virtual Director's Four Levels include:

Silver Access (monthly)

- Library Pass
- Two (2) hours consultation (only via phone)
- Up to two e-mail issues addressed
- Reduced rates for Custom Consulting beyond plan hours

Gold Access (monthly)
